## Monthly Maths House Competition - January

Every month, a maths problem will be posted on the student bulletin and displayed in your tutor rooms. You can give only one answer in the month. The maths team will award every student with the correct answer 3 merits each. The more students that take part, the more merits you have a chance of winning for your tutor/house group.

**Maths Problem of the Month – January 25**

Answer the question below. Submit your answer to your form tutor by the end of the 29th January. You can only submit one answer. All correct answers will be awarded 3 merits.

Derek can mow his lawn in  $\frac{1}{3}$  hour.  
Tom's lawn is 3 times as long and 3 times as wide as Derek's, but Tom mows 3 times as fast as Derek. How long does Tom take to mow his lawn?

### Cumulative Assessments

Well done to all students for the work you have put into preparing for the Cumulative Assessments. These begin on 13th January. Your teachers have put together the information that you need for reference.

Don't forget to use your revision strategies - flash cards, blank page revision, mind maps! You will have your Curriculum / Home Learning Booklets to help you with this.

Please find attached the [January assessment overview](#).

## What's been happening in Electives?

### Japanese & Korean Club.

Welcome to Japanese & Korean Club. It is going to be an exciting cultural journey through Japan and South Korea! As a proud member of our club, you will dive into the fascinating worlds of these two vibrant nations, with each meeting offering new opportunities to learn and share.

Each lesson begins with mastering a new set of Japanese syllables, building your Japanese language skills progressively.

Afterward, you'll take the spotlight for a 2-minute presentation on a unique and engaging topic assigned to you. With a fresh focus every week, you'll explore different aspects of these two incredible countries!

Mr Mo

Don't forget the expression of interest for for PGL closes on Monday!
