

You Said... We Did

Office Hours need to be longer

We are looking to ensuring we have office staff in post each day for a longer period. Ms Stevens and Ms Archer have done an amazing job, but there are only two of them and we need them both on site for the core part of the day. A bigger team next year will provide greater flexibility.

The duration of lunchtime is too short

We have already lengthened Friday lunch to support this issue. Next year, the students will have a lunch split in two with two 20-minute sessions (half outside/half inside). Compared to other local secondary schools, most of whom have a lunch of a similar or even shorter duration, River Academy students receive more free association time.

Some children get all the awards

We do keep a spreadsheet of all the awards we hand out at Celebration Assembly each week to ensure different students get awards. There are some students who consistently work hard, behave well, contribute to the community, and represent our values positively each week, who will understandably get more awards than other students
